

The telemarketing phone calls have gotten out of control and have become a complete nuisance, especially when important phone calls are interrupted. Our answer machine can be filled up with unwanted calls from telemarketers. People have a right to enjoy a dinner every night with their family without having the phone ring every 2 minutes during the hours of 6 and 9 pm. Weekend sleeping should not be disturbed by unwanted phone calls from 8am on. It should be our choice to receive or not receive telemarketing call....don't call us....we'll call you if we want something...that's what the phone book is for!
